Report Issues About Your Order

If you receive damaged or defective product, immediately report details of the issue by emailing International Customer Service at intlcs@savvas.com or call 800-423-6537 or 210-504-3058. Customer Service will provide you with information needed to process a claim.

Damaged product must be reported within 90 days of invoice date.

Returns

Before returning books, please email International Customer Service at intlcs@savvas.com or call 800-423-6537 or 210-504-3058 for Return Authorization.

Returned materials must be received back in our warehouse within 12 months of original invoice date.

Note: Please have date of purchase, invoice number, ISBN and quantity of items available when you call or email.

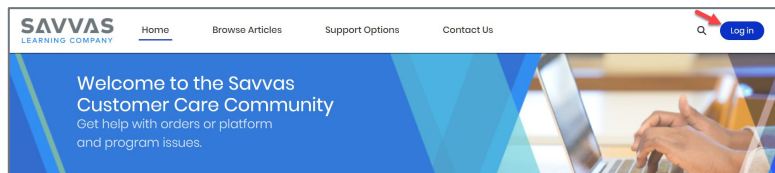

Track Reported Issues/Cases

Follow up on a Customer Support Issue for which you have opened a case.

Access the Savvas Support Site

support.savvas.com

Savvas customers who register on the site may track all of their support cases with either Technical Support or International Customer Service.

Steps to Track a Case on Savvas Support Site:

From the Savvas Support Site homepage

- Login
- Click on My Support Cases
- Click on your case number

To learn more about the Savvas Support Site benefits and to register, click [here](#).

Contact Customer Service or Technical Support directly.

Be sure to have your case number ready.

International Customer Support for orders

Email: intlcs@savvas.com

Call: 800-423-6537 or 210-504-3058

Monday-Friday: 8:00 AM – 8:00 PM EST (US)

Technical Support for issues/questions about online product you have purchased

Email: [Technical Support Webform](#)

Call: 800-848-9500 (option 3)

Monday - Friday 8:00 AM - 8:00 PM EST (US)

EasyBridge Basic

EasyBridge Basic provides centralized tools that enable administrators to manage teacher and student accounts for Savvas K-12 integrated learning platforms.

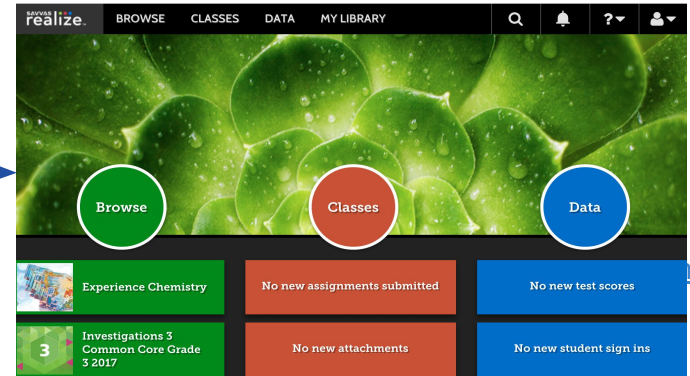

EasyBridge Administrators can centrally upload, update, and manage classes and manage teacher self-registrations directly on EasyBridge. Teachers can manually create classes that sync between the integrated platforms.

Easybridge - Rostering Platform

The screenshot shows the Savvas EasyBridge Rostering Platform interface. At the top, there's a header with the logo and navigation links like 'Welcome Samantha', 'Help', 'Support & Training', 'Settings', and 'Sign Out'. Below the header, there's a sidebar with 'Schools', 'Users', 'Classes', 'View Reports', 'District', and 'Browse Content'. The main content area has tabs for 'Teachers', 'Students', and 'Admins'. Under the 'Teachers' tab, there's a 'Teacher Invite' section with a note about teacher self-registration and a 'Preview Email' link. Below that is a 'New Account Requests' table with columns for Email, Name, School, and Date. The table shows one request from 'nathan.jordan@sekparaguay.com' for 'Nathan Jordan' at 'Savvas International Sample ...' on 'Jul 27, 2020'. There are 'Deny' and 'Approve' buttons for each request.

EasyBridge Administrators:

You will receive an email from Savvas Support (noreply@pk12ls.com) with your admin account credentials so you can provide teachers with access. You will either:

1. Send invitations to teachers so they can create their account in EasyBridge and set up their own classes.
- OR
2. Create teacher accounts and set up and roster classes for them

To learn more about your EasyBridge Admin role and steps to provide access to teachers, review [Introduction to EasyBridge Basic - Administrator](#)

If your school or district does not already have a dedicated account administrator, please identify the person(s) and reach out to your Regional Sales Manager.

Teacher Registration Settings

For any of the settings below set to "ON" teachers will automatically be verified and gain access to your school or district Pearson programs. Settings are independent of each other.

Allow existing teachers who have an EasyBridge account to verify users.

ON

Automatically verify from MDR. ⁱ

ON

Automatically verify users who use your district's email domain.

OFF

Active Teacher Domains ⁱ

[EasyBridge](#)

[Technical Support](#)

[Training](#)

Teachers log into Easybridge Basic to access their classes and online curriculum on Savvas Realize. EasyBridge Admin(s) at your school will receive information needed to provide teacher accounts and set up classes in EasyBridge Basic.

Teachers:

There are two ways to obtain access to EasyBridge and log into your online Savvas curriculum:

1. You may receive a self-registration invitation from your EasyBridge admin. You will then follow the steps in this document to set up and roster your classes. [Teacher Self-Registration Process](#)
2. The EasyBridge admin may create your account and set up your classes for you.

Ask your EasyBridge Admin if you will receive an invitation to create your account so you can roster your classes or if your admin will create your account and roster your classes for you.

The image shows a sequence of three screenshots illustrating the 'Teacher Account Request' process. The first screenshot is the 'Teacher Account Request' form for Pearson K-12. It has a progress bar with three steps: 'Sign Up', 'Verify Email', and 'Request Approval'. The first step, 'First, find your school.', is active and contains a 'Find Your School' button. The second step, 'Second, add your name and email.', has fields for 'First Name (required)' (example: Sandra), 'Last Name (required)' (example: Gonzalez), and 'School/District Email (required)' (example: jane.smith@school.edu). The third step is 'Request Approval'. The second screenshot is a 'Find and select your school.' modal. It has fields for 'School Zip Code (required)' (example: 02116), 'School Name (required)' (example: Wilson), 'City' (example: Chicago), 'State' (example: Select State), and 'Country' (example: United States). There are 'Back' and 'Search' buttons. The third screenshot is a 'Find and select your school.' modal showing search results. It has a 'Search' button and a list of results. The first result is 'Wilson School' with the address 'Baylison Street, Boston, MA 02116, United States'. There are 'Back' and 'Next' buttons.
